

Design Changes

- Created an account specifically for Mr. Polazzo (admin level 2)
- Created three levels of user access
 - 0 for students and clubs
 - 1 for teachers
 - 2 for SU administrators
- Only users of admin level 2 can approve clubs and level 1 admins and let them create accounts on the reservation website
- Created another table in the database to keep track of signup codes (which are automatically generated when admins of level 2 approve clubs, and are needed to signup)
- Created an archive where users can see the list of all rooms that have been reserved by which clubs
- Created a room schedule page to allow users to select dates and see which clubs reserved rooms on those dates
- Allowed admins of level 2 to block rooms from being reserved
